

# JAL First Class Helicopter Service

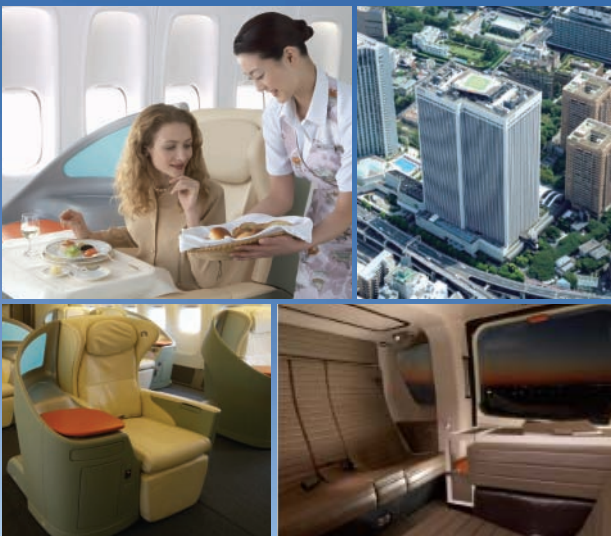

*The fastest connection from Narita Airport to downtown Tokyo*

The JAL First Class Helicopter Service is a combination of fast personal helicopter and limousine between Narita Airport and downtown Tokyo, provided free to normal fare round-trip JAL First Class passengers.

Operated by Mori Building City Air Services (MCAS), representatives will meet you in Arrival lobby A at Narita Airport and escort you to the Narita Sakura Heliport for the short 30-minute\* flight to the ARK Hills Heliport in Akasaka, central Tokyo. From there a limousine will take you direct to your destination\*.

You can arrive in Japan with plenty of time for an evening appointment or speed your way to your home or hotel.

## Service details, eligibility and availability

- This service is only available free to JAL First Class corporate account passengers (with up to one accompanying JAL Executive Class Seasons J or C class passenger) travelling from Narita Airport to Tokyo\* flying with JAL and for departures until 31 March 2010.
- Please contact your local JAL office to check availability.
- Qualifying outbound travel must be on a round-trip normal fare basis on JAL international flights to Japan from the United Kingdom, France and Germany.
- This service must be requested at least 3 days (excluding Sat, Sun and Bank Holidays) prior to your outbound flight date.
- The limousine service area is to any customer-requested location in Tokyo's 23 wards.
- JAL Mileage Bank (JMB) Awards are not eligible for this service.

\* Restrictions apply, see service details, availability and notes below.

### Please note

- This service is offered only for and on the date of arrival in Narita Airport.
- This service must be reserved in advance and is one-way from Narita Airport.
- Code-share or flights operated by airlines other than JAL are not eligible.
- JAL airport counter and JAL reservation centre can not make reservations or changes to this service.
- Only one address can be accepted for limousine service from ARK Hills/Akasaka. No stopover can be made.
- Limousine service will not be offered outside of the service area.
- Helicopter service may not be confirmed if fully booked. Also, there may be other passengers on the helicopter.
- For safety reasons, there is space and weight restriction on the helicopter. Therefore, providing passenger's weight and baggage information is mandatory upon requesting the service.
- The JAL First Class Helicopter Service is operated by Mori Building City Air Services (MCAS).
- JAL covers the cost of the JAL First Class Helicopter Service in accordance with MCAS conditions of carriage.
- Due to weather conditions in the Narita and/or Tokyo area, the helicopter service may be cancelled for safety reasons. In such case, either the next available helicopter service or limousine will be offered by MCAS.
- If a flight is diverted to an airport other than Narita Airport, this service will not be offered. However, if such flight arrives in Haneda Airport, MCAS will arrange a limousine to the address requested.
- This service can not be combined with any other campaigns or promotions offered by JAL.
